

## TRADE ACTIVE IN ALL LINES

Recent Cold Weather Causes Demand For Winter Apparel In Quantities.

## FEWER FAILURES IN THE WEST

Chicago Reports Falling Off Of Trade, Though Rest Of The Country Is Very Prosperous Just At Present.

[SPECIAL BY SCRIPTS-M'RAE.]

Chicago, Jan. 13.—The weekly review of trade in the Chicago district, published by R. G. Dun & Co., says: "While failures for the entire country are slightly more numerous, it is notable that those in this district are one-third under those of a year ago. Bank exchanges again present a heavy aggregate, indicating that the January settlements have made good progress and suggest rising deposits. Commercial operations generally exhibit sustained activity. New demands make a satisfactory showing in the produce branches. Iron and steel capacity is more largely drawn upon and there is further call for foundry, forge and car shop output.

"Outside construction continues to be pushed ahead without difficulty from the weather and this furnishes an unusual demand for all kinds of building material.

"Wholesale Trade Is Larger. "Wholesale dealings in staple merchandise have advanced to a gratifying volume, there being improvement in both house sales and mail orders for early delivery of spring goods. All indications strongly favor exceptional absorption of necessities and bookings for the interior are well distributed in the leading branches. Retail trade moves steadily, the recent cold or weather having stimulated a sharp

buying of winter apparel. The markets for raw material reflect liberal buying in hides, leather and lumber, while prices remain firm. A declining tendency in raw cotton is more apparent, but this has not affected quotations for finished goods; the demand for the latter having extended.

"Freight Tonnage at Record. "Freight movements have advanced to the greatest tonnage ever handled at this time of year and the share of this falling to Chicago roads is reflected in largely increased earnings. Further headway has been made in raising the traffic blockade and shippers obtain more prompt forwarding. The marketing of crops here was heavier, and the movement of grain at this port swelled to 9,061,241 bushels, against 7,715,382 bushels last week, but compared with corresponding week last year there is a decline in shipments of 23.3 per cent and in receipts of 2.8 per cent.

"Primary markets were moderately active in grain and flour; the accumulation of supplies causing a more limited general demand, but the buying of provisions and live stock continued strong. Live stock receipts, 329,880 head, compared with 317,297 head last week, and 323,369 head a year ago. "Failures reported in the Chicago district number 32, against 25 last week, and 48 a year ago."

## POLICE DISCOVER THAT A BRUTAL MURDER WAS DONE

Finding Of The Body Of Mrs. Bessie Hollister With Wire About Her Neck.

[SPECIAL BY SCRIPTS-M'RAE.]

Chicago, Jan. 13.—With the finding this morning of the body of Mrs. Bessie Hollister, a choir singer, prominent in society and the wife of Franklin Hollister of the printing house of Hollister Bros., in a vacant lot near a carpenter shop on Belden avenue, the police are confronted with another deep murder mystery. A copper wire of the size used for telephones encircled Mrs. Hollister's neck. She had apparently been strangled to death or the strand had been used in dragging the body. Mrs. Hollister left her home at nine-thirty yesterday morning to sing at the funeral of a

friend. She signified her intentions of doing some shopping first and had plenty of money with her. The last trace of her was at a florist's where she bought some flowers for her friend's casket. It is probably not suicide. The police advance the theory of murder for robbery.

"Have Murderer. "The police say Richard Ivins, who reported finding the body of Mrs. Hollister in the lot back of her father's shop, confessed that he seized the woman as she passed the shop at 6:45 last night and dragged her in and ravished her. Her outcries became so loud that he strangled her.

## ENGLISH POOR FOR VIRGINIAN FARMS

State Commissioner of Agriculture Expects to Import Families from London.

[SPECIAL TO THE GAZETTE.] Richmond, Va., Jan. 13.—Commissioner of Agriculture Köster expects within the present year to bring about thirty thousand of the poor of London to Virginia to work on the farms, taking the place of lazy and undesirable negroes. He has already communicated with the lord mayor of London and the British authorities and expects a favorable answer to his plan. Commissioner Köster will not confine himself to bringing English to Virginia farms, but will also draw upon the poor of Belgium and Germany to some extent. He has prepared a bill, which will be submitted to the legislature, asking for an appropriation of \$10,000, with which to pay agents of Virginia in foreign countries. The office of the commissioner will be a bureau for negotiations between the immigrants and the farmers, desiring help.

## CAPTAIN OF ROUGH RIDERS A GOVERNOR

Frank Frantz Inaugurated Head of Oklahoma—Brother of Noted Baseball Man.

[SPECIAL TO THE GAZETTE.] Oklahoma City, Okla., Jan. 13.—The term of Governor Ferguson expired at noon today. Captain Frank Frantz, former agent for the Osage Indians in this territory, was inaugurated as the new governor of this territory. Governor-elect Frantz is a member of a pioneer family of Oklahoma and brother of Walter Frantz, the baseball pitcher and third baseman and of Orville Frantz, also a prominent baseball expert. He was captain of the rough riders during the Spanish-American war.

## KING AUTO REIGNS IN NEW YORK CITY

Two of the Greatest Buzz Cart Shows Ever Held in World on American Metropolis.

[SPECIAL TO THE GAZETTE.] New York, Jan. 13.—"King Auto" will, indeed, reign supreme during the week beginning today. Two of the largest automobile shows ever held in any part of the world will be opened here today in different buildings and both of them will run all through next week until next Saturday. Never before in the history of the automobile has there been so complete an exposition of the most remarkable development of the automobile industry as will be offered to the public in this city during the week beginning today. One of the exhibitions is held at Madison square garden, under the auspices of the Association of Licensed Automobile Manufacturers, while the other is held at the new Sixty-ninth regiment armory, on Lexington Ave., between Twenty-fifth and Twenty-sixth streets, under the auspices of the Automobile Club of America. The competition between the two exhibitions is very keen and the management of both have made every effort to secure a large and representative number of exhibits and to display them in the most attractive manner.

## A WATER ATHLETIC MEET IN NEW YORK

National "Cracks" in Great Contest Tonight—Other Sporting News.

[SPECIAL TO THE GAZETTE.] New York, Jan. 13.—A 300-yard match race between Charles Ruberl and J. W. Spencer, the two crack middle distance swimmers of the New York Athletic club, will be the main feature of the swimming meet which is to be held at the New York Athletic club's swimming tank this afternoon. These two men have repeatedly won national honors. Spencer two years ago broke every American record from two-hundred to one thousand yards, while in 1903 Ruberl captured, with two exceptions, every United States outdoor and indoor championship. It is expected to be a highly interesting contest from beginning to end. C. M. Daniels, America's champion swimmer, will be on scratch in the one-hundred yard handicap. He has trained hard for the race and expects at today's race to make the same record of 59.35 which he made on the last ladies' day. The latter record although a great deal lower than any previous record, was not allowed to stand, as the event was a "closed event." There will also be a 50-yard novice race in which many new and prominent swimmers will take part. Capt. Hadley's world's championship water polo team and Capt. O'Quinn M. Reid's crack Yale team of polo players will wind up the program of the interesting meet with a contest which promises to furnish considerable excitement for all lovers of that sport.

Twelfth Regiment Athletics. New York, Jan. 13.—The Twelfth Regiment Athletic club has arranged a set of open athletic games for today, to be held at the armory on Sixty-third street and Columbus Ave. The events include a 60-yard dash, an open 60-yard handicap, a 600-yard run for novices, a 300-yard handicap run, an 800-yard handicap, a mile handicap, a two-mile bicycle handicap and a one-mile relay race for members of the military athletic league, a one-mile inter-company relay race and a one-mile inter-settlement relay. The number of entries is unusually large. The winner in each event will receive a valuable gold medal and a trophy will be given to the organization scoring the largest number of points.

## STORM IS AVERTED BY ANNOUNCEMENT

Hungarian Parliament Reopens and Discontinued Are Quietly by Promises of Settlement.

[SPECIAL TO THE GAZETTE.] Budapest, Jan. 13.—The Hungarian parliament was reconvened today. There was considerable excitement connected with the reopening of the session and the session was extremely stormy, but precautions had been taken to preserve the order. The announcement was made at the opening that a temporary agreement had been reached between the government and the opposition and that the definitive settlement of the existing differences would shortly follow. This announcement had a somewhat quieting effect upon the malcontents, but did not suppress the irritation and excitement altogether. In certain quarters doubt is expressed that an amicable settlement will be reached.

## WHO WAS THE ONLY ORIGINAL STOKER?

In honor of Having Fired First Locomotive Run in America is Being Contested For.

[SPECIAL TO THE GAZETTE.] New York, Jan. 13.—The claim made for "Letchworth, Conn." as a stoker of the engine "John Bull," of the Pennsylvania railroad, "he" was employed on the first railroad engine in this country," has brought out the statement that the machine was preceded by several years by the "Stourbridge Lion," which was built in England, and first was operated at Honesdale, Pa., in August, 1829, on the tracks of the Carbondale road, which was built by the Delaware & Hudson company. Mr. Edward A. Penniman of Honesdale, Pa., has published a pamphlet making this contention. It gives to Horatio Allen the credit of having been the first locomotive engineer in the United States.

## RUSSIA COMMENCES A NEW YEAR TODAY

It is Neither the "Happy" of the Americans or the "Bright" of the English.

[SPECIAL TO THE GAZETTE.] St. Petersburg, Jan. 13.—In accordance with the Julian calendar used in Russia and by the Greek church in general, today is New Year's day, and it is celebrated as such throughout the country with the customary ceremonies. The usual state ceremony in which the czar being the head of the Greek church took the principal part, was omitted this year owing to the disturbed condition existing in the empire. There was only the usual official reception of the members of the state council, the army and navy, the principal state departments and the diplomatic corps. Extraordinary precautions were taken to prevent any attempt upon the life of the czar. The popular celebration on the New Year was extremely tame this year and the observance of the day was almost totally confined to religious services in the various churches and family celebrations. Reports from other large cities indicate that everywhere the celebration of the day was quiet and more of a religious than of a public and popular nature.

New York, Jan. 13.—The Greeks and Russians of this city celebrated New Year's today in an elaborate manner. There were special services in all Greek churches, with special sermons and the customary ceremonies in honor of the new year, feasting and dancing constitute the principal part of the New Year's program.

[SPECIAL BY SCRIPTS-M'RAE.] Denver, Colo., Jan. 13.—Because his wife objected to his bringing more whisky into the house, James B. Allen, a mining engineer, committed suicide by shooting himself in the presence of his wife and at the bedside of his dying five-year-old daughter.

## NEED OF A BIG NAVY AT ONCE

Rear Admiral Coghlan Makes Sensational Speech In New York Recently.

## A LIMIT TO FIGHTING VESSELS

Declaration That Real Navy At Present Consists Of But Sixteen Hulls Suitable To Hold Their Own In Battle.

[SPECIAL BY SCRIPTS-M'RAE.]

New York, Jan. 13.—Rear Admiral Joseph B. Coghlan made a sensational speech to the Patria society at the Hotel Savoy, in which he declared that the navy of the United States was far below the strength that the public believed it was and that instead of having forty fighting ships, as appears on paper, there were really only eighteen ships of the fighting class, and of these two were now out of order, so that the real navy consists of sixteen ships.

He compared the United States navy with that of England and showed that it is so far inferior that it is almost useless to hope that it will ever catch up. The speech caused a stir among 200 members present. "We are greatly in need of a merchant marine, but we are more in need of battleships," said Rear Admiral Coghlan. "We have only eighteen ships of fighting caliber that are strictly modern and two of that bunch are now out of order, so that instead of forty we count only sixteen to-day."

Warships Are Out of Date. "England has eleven ironclads alone. In her second class she has ships of first-class fighting material; but we do not place any first-class ships in our second class. Our vessels are good enough to look at and they will give as good an account as possible when needed."

"There are a lot of them that have done service in the past, that are now doing merely police duty, and they seem to be regarded as good enough to fly the flag. Many of our ships are oldtimers and yet they are carried on our list of fighting ships. It would cost a fortune to make the Olympia, Dewey's flagship in Manila bay, a fighting vessel."

"The war in the East has taught us one lesson, and that is that it has shown us that the battleship is the only vessel to carry on a war or to decide a war at a critical issue. We must build more battleships if we are to hold our own."

Far Behind Great Britain. "We have twenty-seven battleships now in course of construction and by 1908 we will employ 85,000 men in our navy, whereas now we employ 38,000, and thus far we are going along strong lines. But our navy will never be like England's, for we are not building enough nor building fast enough to catch up with her."

"Following with the tads of various persons, we find among our twenty-seven fighting ships some millions of dollars wasted on four monitors. In

the harbor of Manila I have seen one of them rolling twenty times a minute trying to hit something with a 12-inch gun—much as I have seen a woman trying to hit a hen with a stone."

"Three submarine ships came to the navy yard last spring for repairs. Heaven only knows when they will get away. As soon as you repair one end of a craft the other end needs rebuilding. The insides have been wholly rebuilt and the only thing I can see to do with them is to build new hulls."

He said that while on paper the United States in 1908 would be in second place as a naval power, yet if there were stricken from the lists such vessels as the "sainted Oregon," now a second-class battleship instead of in the first line, the United States would not rank better than fifth or sixth among the sea powers of the world."

Praises the Battleship. "There is but one kind of fighting ship," said Admiral Coghlan, "and that is the speedy battleship of the line. All others are doubtful quantities. The admiral referred to armored cruisers as being 'beautiful to look at and good for something, such as scouting in the Caribbean,' he referred to the cruisers of 'Prince Louis' of Battenberg's squadron recently here as in the same class with our own cruisers. These ships, he asserted, are good for such purposes as a Santo Domingo difficulty and in other southern countries where we need to send our navy."

Admiral Coghlan spoke in praise of government-built battleships and referred especially to the Connecticut, now nearing completion at the New York navy yard. He believed she would outstrip her privately built sister ship and that in five or six years the saving in the cost of repairs would be specially noticeable. "Admiral Coghlan said: 'Don't think I am criticizing the navy. I am not. There is no finer body of men in the world, but they need better ships and more of them.'"

Speaking about the need of a greater national reserve from which men for the navy could be drawn in time of war, he said: "We have a naval reserve or naval militia, but the last war taught us that such men lack the stamina of fighting, to say nothing of the long experience necessary on the sea to be useful in a conflict. He advocated an enlargement of the merchant marine as the base on which to rely for a naval reserve."

## MILWAUKEE NOW HAS ITS NEW POSTMASTER

Cortelyou Chose Mr. Owen Because of His Great Friendship for the Late Postmaster General.

[SPECIAL TO THE GAZETTE.] Milwaukee, Wis., Jan. 13.—The selection of David C. Owen as postmaster of Milwaukee can be regarded as a district victory for the Milwaukee anti-La Follette men. Owen being a close friend of Henry C. Payne, though one of the younger men in the field. The contest was taken from the two local congressmen, each of whom nominated a candidate. Congressman Otjen wanted Wade H. Richardson, a civil war veteran, chosen and Representative Stafford was for William I. Greene. Greene was one of the anti-La Follette leaders, while Richardson was selected by Otjen as a compromise between the two factions. Owen was Stafford's second choice. Cortelyou knew that is what Mr. Payne would have wished.

## PANAMA SUFFERED A VERY SERIOUS FIRE

Tenement Houses, Churches, Stores and Public Schools Burned to the Ground.

[SPECIAL BY SCRIPTS-M'RAE.] Panama, Jan. 13.—Fire yesterday destroyed twenty-three tenement houses, seven stores, the church of San Juan De Nepaumecono, the Catholic Brotherhood institute, orphan asylum and three public schools. The loss will aggregate about two hundred thousand dollars. The police have arrested the foreman of a gang of the American fumigator, alleged to be responsible. The firemen were supplied with water at a critical moment from the reservoirs of the Santa Ana church and soon extinguished this fire.

## POLICY OF JAPAN

United States Medical Department and Corps of Both Army and Navy To Be Reorganized.

[SPECIAL TO THE GAZETTE.] Washington, D. C., Jan. 13.—The equipment of the medical department of the United States army and the medical corps of the United States army will be placed upon a uniform basis. An effort will be made to have identical equipment and the same methods of work, so that there may be the same uniformity in these branches as there is in other respects in the military and naval service. It is felt that if there is any advantage in having an identical calibre of small arms and the same type of ammunition and the mutual use of an emergency ration, there might, probably be similar uniformity in the medical equipment and medical corps organization. The president has been greatly impressed by the reports received from the military observers in Manchuria, and has learned that the Japanese have reduced the policy of uniformity to a most practical and profitable system. To the end that there may be a like advantage to the medical branches of the two services in this country, it is probable that there will soon be detailed for the consideration of the project of uniformity a joint army and navy board, composed, naturally, of officers of the medical corps of the navy and the medical department of the army, all of whom agree on the efficiency and value of the proposed change. It is also understood that a number of methods, which were tested by the Japanese during the late war and found highly satisfactory, will be adopted in the joint medical service of the army and navy of the United States. This will probably not apply to the method of aseptic treatment, used by the Japanese.

## HIGH SCHOOL TEAM IN BELOIT TONIGHT

Basketball: Five from Janesville to Play Line City Academy Men in College Gym.

This evening the Janesville high school will open their schedule for this season with a game against the Beloit Academy aggregation. The contest is to occur in the college gymnasium in the Line City and this fact together with a lack of practice on the part of the locals will work strongly in favor of the Academic five. The trip to Beloit will be made over the electric line and but few other than the members of the team will likely go. The team is: Morse (captain), and Dreyer, forwards; Wright, center; Lee and B. Baker, guards; substitute, W. Langdon. Another game has been arranged. This is to be played here next Friday evening, the nineteenth, and the opposing five will be the representative of the Jefferson high school.

## THE VALUE OF CHARCOAL

Few People Know How Useful It is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purposes.

Charcoal is a remedy that the more you take of it the better. It is not a drug, at all, but simply absorbs the gases and impurities always present in the stomach and intestines, and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal, effectively cleans and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but, probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath, and purer blood, and the beauty of it is, that no possible harm can result from the continued use of them, but, on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in the stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the throat is greatly benefited by the daily use of them; they cost but twenty-five cents a box, at drug stores, and although in some sense a patent preparation, yet I believe I get more, and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

## LABOR NOTES

The Fishermen's Protective Union of the Pacific coast is trying to obtain from the federal government a hospital in the Bristol Bay region, Alaska.

The Window Glass Workers' union has adopted the income tax for dues and each man will pay two per cent of his earnings until a defense fund of \$200,000 is raised.

The Street Railway Employers' association is the first labor organization in America to adopt an old age pension system.

The Virginia State Federation of Labor has put a state organizer in the field.

Glass Workers' International union has obtained recognition of the first wage scale in a little over half of the factories represented in the manufacturers' association.

Grove Workers' International union has made special arrangements for advertising the label and for organizing new locals throughout the country.

The Cigarmakers' International union won the gold medal at the Lewis and Clark exposition at Portland, Ore. for making the best and most sanitary cigars.

Steps are being taken in Chicago for the formation of an arbitration board of teamsters and team owners, which will adjust all differences which may arise in the future. The various team owners interested have in their employ 15,000 teamsters.

A solution of the convict labor problem in every state in the union through the adoption of a prison system similar to that now in effect in New York, is suggested by Collis Lovely, vice-president of the Boot and Shoe Workers' union, who was a member of the recent prison commission.

## MADISON ALUMNI AS FAVORING MEASURES

Plan to Hold a Banquet for Purpose of Discussing Football Resolution.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., Jan. 13.—While the students and many alumni of the University of Wisconsin are shouting themselves hoarse in opposition to the proposition of the faculty that intercollegiate football contests be suspended for two years, it develops that the faculty is meeting with a wonderfully unanimous sentiment of approval from the general press of the state. Careful note of this has been taken by the university authorities and a clipping department has been added to the university press bureau in charge of Dr. Willard G. Blyden.

So far as editorial comment on the faculty's action is confined, not one adverse expression has been found. All the country editors declare in favor of "suspending" the game, as the next best thing to utter abolition of the "blood thirsty" sport, as some designate it.

A committee of 25 representative students has been organized to formulate the sentiment of the student body and make representations to the faculty accordingly. Other departments than football have been most aggressive in opposition to the proposition to lay the game away for two seasons. All other departments of Wisconsin university athletics, including track work, crews and baseball, are maintained at a loss to the athletic association, and it is the football department with its rich revenues from the big championship contests that supports all the other departments. The aquatic end of Wisconsin athletics is the most expensive of all save football, and it is operated at a dead loss, for there are no receipts whatever from the crews, except the voluntary subscriptions of students and alumni. The loss of the crew department is approximately \$5,000 a year, not counting a contribution of \$1,000 made by the regents toward the salary of Crew Coach Andrew M. O'Dea. Outside of the few who are directly interested in athletics, there is a determined sentiment in favor of abolishing crew work, both on account of the loss financially, the fact that less than three dozen students are benefited by the work, and also that athletics take good material from other athletic teams.

The Madison alumni are deeply interested in the question of reform in athletics, and have decided to hold a banquet to discuss and take action by resolutions. Some 500 graduates of the university will be present.

Mrs. Arthur W. Gentry, the Chicago woman who was brutally murdered in her own flat, lived at Oshkosh when a girl. ## WISCONSIN TOBACCO MEN ARE TO GATHER

Fifth Annual Session of State Growers and Dealers Will Be Held in February.

The fifth annual meeting of the tobacco growers and dealers of the state will be held in Madison the second week in February. Liberal prizes will be hung up for the best displays of tobaccos exhibited by farmers. A good program is being prepared and neither time nor means will be spared to make this a successful meeting. All directly interested in booming the tobacco industry of the state of Wisconsin are urged to be present.

No chance for disappointment if you save Mrs. Austin's Panacea. All grocers sell it.

## COOPER IS THE ONE WHO FAVORS A BILL

Rest of the Congressmen Are Opposed to the Philippine Tariff Measure.

Washington, D. C., Jan. 13.—The northwestern insurgents on the Philippine tariff bill are in a fighting mood. They claim to be adding strength to their forces every day and express the belief that when the time comes to take a vote there will be trouble in the house. Despite this militant attitude on the part of the insurgents Speaker Cannon does not seem to be concerned. All his efforts now are being bent in the direction of driving recalcitrants into line for the statehood bill, and although Representative Babcock of Wisconsin declares that a sufficient number of members have signed a paper pledging themselves to vote against the measure, the leaders appear confident. It was stated yesterday by a northwestern beet sugar insurgent that the opposition was certain to poll ninety votes against the Philippine measure on the republican side.

R. G. Wagner of Milwaukee, president of the Wisconsin Sugar company, who has been here for the last nine days, does not share the sanguine views of the insurgents. He believes the Philippine bill will be passed in the house. "I expect to see the measure defeated in the senate," he said. "Speaking of the attitude of the Wisconsin delegation Mr. Wagner said: 'I am satisfied that all the members of our delegation with the exception of Representative Cooper are against the bill. Mr. Cooper seems to have been hypnotized by Taft during the visit of the secretary of war to the Philippines.'"

Lucian Kennedy Handles Valuable Skin When Tanned and Manufactured Will Cost Much.

What is probably the most valuable fur ever purchased in the city of Janesville or in fact in southern Wisconsin was received here from Ontario, Canada, this week by Lucian Kennedy and today taken by W. B. Ball of Chicago, western representative of the Revillon Freres of Paris, the greatest manufacturers, importers and exporters of furs in the world.

The pelt is of a silver fox and the valuation figure placed upon it by the customs officials as it was imported from the Dominion was three hundred dollars. The hair is of a beautiful silver gray shade and very lustrous. Mr. Kennedy also has two other skins of the same kind, but neither are as valuable, both lacking in "ability to shine." The value of the silver fox is found in its scarcity, never more than two or three having been found in one section in the same year, and Mr. Kennedy is congratulating himself upon his purchase, as it was by more chance that he gained track of these three, a friend having heard of them while in Dakota.

Two of these skins, the most valuable and the smallest, Mr. Kennedy bought on a special order from the New York branch of Revillon Freres. The instructions said to ship for immediate tanning and manufacturing and Mr. Kennedy believes that they will go to Miss Alice Roosevelt as a wedding gift. He bases his belief on the facts that they were ordered to be rushed and will undoubtedly remain in America, as they are shipped to the New York branch. At his headquarters in the Chris Wright harness shop at 50 South River street Mr. Kennedy also had fifty red fox pelts that were shipped today. These were secured from Ontario and go also to Revillon Freres. This company were the owners of the two black fox skins which were exhibited at the St. Louis Exposition and are valued at \$4,000. In the first week of this year Mr. Kennedy gathered \$1,856 worth of furs for the Revillon brothers and he trusts that within a few years Janesville will be the greatest fur market in the middle west. These furs, when sewed are sold in Washington, London, Paris, and all the great cities of the world.

## PASS RESOLUTIONS AT INSTALLATION

Local G. A. R. Post Offer Their Sympathy to Mrs. John A. Logan in Her Illness.

The annual installation of officers of W. H. Sargent Post, G. A. R., of this city occurred last night at Post hall, Major S. C. Cobb being the installing officer by reason of his seniority. Major Cobb is held in the greatest possible esteem by his comrades. Instead of a declining interest in post affairs the meeting of last night proved the contrary. The fifty odd veterans present were as enthusiastic as ever. Indeed, there has never been a meeting of the post more enjoyed. Prior to the installation proper L. A. Leg, the regularly appointed past inspector, inspected the post and found it in an exceedingly prosperous condition, the membership being one hundred and two. The post officers installed were:

Commandant—Geo. Viney; S. V. Commander—J. P. Carle; J. V. Commander—L. Fisher; Quartermaster—J. L. Bear; Chaplain—E. O. Kimberley; Surgeon—C. Lochtermann; Adjutant—J. M. Nelson; Officer of the Day—D. E. Cummings; Officer of the Guard—M. O'Brien; Qm. Sergeant—J. W. McIntyre.

The following resolutions were then presented and passed: "Having just received knowledge of the serious illness of our distinguished friend, Mrs. John A. Logan, after home in Washington, and continuing to entertain for this estimable lady a profound love, intensified because of her presence here in July of last year, therefore:

Resolved, That at this, our first and regular meeting of the new year, we do tender this lovely lady our sincere sympathy, with the hope that she may find many trials that have come upon her in the years that are past, because of the loss of loved ones, and on to ending, she may soon be permitted to arise and greet her friends, who are legion."

Resolved, That these deliberations be a matter of post record, and that Col. E. O. Kimberley, post chaplain, be instructed to forward a copy at once to Mrs. Logan.

(Signed) "GEORGE VINEY, Post Commander, "C. D. CHILD, Post Adjutant."

## LITTLE PAY GIVEN TO A GAME WARDEN

Salaries Are Slashed During the Quiet Season—Revolution in Office.

Jonas Svanholt, state fish and game warden, has put in force in his department economy so rigid and extensive that it is not to the satisfaction of all the deputies. It consists in cutting of allowances of many of the deputies for expenses, and of reducing the salaries of almost every one in the department. This is done because the warden considered it necessary to cut down expenses so as to be able to make the department effective with the available funds in the time of greatest need. The last legislature cut into the hunting license fund for an appropriation for the fish commission and for other purposes, thus reducing the money that usually was expended as salaries and expenses of deputy game wardens. With the reduced funds it was found that expenses would have to be cut down during the winter time, when the wardens have little or nothing to do, so as to leave money for the enforcement of the fish and game laws next spring when there is the greatest need of deputies to protect the game and fish.

Not using mittens and waders, Mr. Svanholt's deputies find and you will be delighted with the results.

A CROWN OF GLORY. As Well as a Mark of Beauty, is Luxurious Hair.

It has been truly said that the crowning glory of our race is a luxuriant head of hair.

It used to be thought that this was one of the blessings which the gods bestow capriciously, and it is only recently that scientists have discovered that its beauty is dependent upon the absence of a minute germ which flourishes in the hair follicles; where it destroys the life of the hair.

To restore this life and kill the germs which cause the mischievous mission of Newbro's Herpicide.

Herpicide surely kills the germs, and is the best hair dressing on the market.

It contains no grease or oil, neither will it stain or dye.

Sold by leading druggists. Send ten cents in stamps for sample to The Herpicide Co., Detroit, Mich.

## — FORTY YEARS AGO —

Janesville, Daily Gazette, Saturday, January 13, 1866.—Provided For: The child recently left at the house of Mr. Riker, of which mention was made at the time in these columns, has been adopted by Mr. Miller who resides within a few miles of this city.

Tenians.—The Fenian imbroglio thickens. Last October the delegates of the Irish Republic met in solemn convention in Philadelphia and adopted a constitution. The instrument provided for the establishment of a Senate elected for two years, and possessing general powers of government. The office of President was also created. In December the Senate deposed the President and Cabinet. The President, however, in a special Congress which deposed the Senate and deposed the Constitution, and restored the whole Fenian Organization to John O'Mahoney.

Ireland, therefore, at present, has a Constitutional Government, of which the Senate (both deposed by Congress) are the life, and also has a Government of which O'Mahoney and his Cabinet are the whole. Each government has some of the money, but neither has a soldier of a musket that can be used for Ireland. The remark of Zensica that the world is governed too much is applicable to Ireland.—Chicago Record.

Murder in Walworth County.—The Racine Journal publishes an account of a terrible tragedy that occurred in Walworth County, last Friday evening. A farmer, living between Lyons and Geneva, has sold his farm for \$3,000, and on the morning of the murder had started west to purchase another farm. About eight o'clock in the evening, three men, dressed in soldiers' clothes, entered the house, and murdered the man's wife and child, and then proceeded to ransack the house. A neighbor living across the street, hearing the noise, rushed over there, taking with him a revolver. Upon entering the house the first sight that met his gaze was the bodies of the murdered mother and child weltering in blood. The murderers in the meantime were up stairs, and had started to come down, when the neighbor faced them; and fired upon them, killing one instantly and mortally wounding the other two. The names of the parties are not ascertained.

The Macon (Georgia) Telegraph, of the 3d instant, describes in tantalizing terms a four-acre strawberry bed in that town, now in full bloom, and fruit, the editor must have been favored with a basket of delicious specimens, one measuring four inches in circumference.

## ..COMING ATTRACTIONS..

"Piff! Paff! Pouff!" Standing room was at a premium at the Grand last evening where Whitney's musical cocktail "Piff! Paff! Pouff!" held the boards. This is one of the brightest musical entertainments, both in reference to the musical score and comedy that has ever been seen in Springfield, and its appearance at the Grand received a deserved welcome. The scenery was excellent; the voices good, and Fred Mace was there in Sandman role, one of the most laughable parts ever injected into a musical show.

As last year, the song hits were "Under the Good Tree" and "In the Ghost of a Troupe." The English song ballad girls were the life of the evening, their dancing being the finest seen here in many a day.—Springfield, Ohio Sun, November 8, 1905.

"Mrs. Temple's Telegram," the Powers' theatre, Chicago, success, will come direct from the theatre after a three months successful engagement, to the Myers Grand, Thursday, January 18. "Mrs. Temple's Telegram" an amusing farce with

humorous complications, always alive with snappy action, amusing twists and tangles, has been designed for laughing purposes only. It is a lesson for every husband and every wife, furnishing irresistible laughter which should not fail to please people of the most refined tastes. The original production with elaborate stage settings and electrical effects and a cast of unexcelled artists will be seen at this engagement. Harry Connor will be seen in the title role.

Judge's Favorite. May Irwin in "Mrs. Black is Back." We're glad that Mrs. Black is back. And trust she long will stay. To gild us with her style of smile That drives all care away.

To hear her joke and sing we'd wing From any place to where She holds the festive fort; to sport On fancy's bill of fare.

A vision of delight, bright. We call her when we say. We trust that Mrs. Black is back With us, and back to stay.

## BRIEF NEWS FROM OLD ROCK.

EAST PORTER. East Porter, Jan. 10.—This is the finest winter known to the oldest inhabitant. Last Monday morning it reached the zero mark for the first time and it was 15 above at noon. There is no sleighing yet, but fine wheeling.

The quarantine has been removed from August Hanke's and we are glad to say that they are all well again.

The Ladies' Aid society met after their holiday vacation with Mrs. Price at the parsonage. They elected the following officers for the coming year: Mrs. Fred Hubbell, president; Mrs. Wm. Gardner, vice-president; Mrs. Wm. Post, treasurer; Miss Edith Raymond, secretary.

Wm. Gardner delivered five loads of fine hogs to Sweeney of Edgerton last Monday.

Misses Louise Raymond, Elizabeth Greene, Frances Gardner and Beulah Brown all returned to their respective schools last Monday. All wish them success.

Nearly all the farmers have their tobacco down and are busy stripping. Mrs. Wylie of South Fulton is visiting at the home of her son, John Thomson.

Chas. Raymond has been confined to the house for several days with a severe cold.

Will people never cease talking about the concert which the Louis Mo-Pike Concert Co. gave in Fulton on Dec. 30th? But there are still better things to follow.

JOHNSTOWN. Johnstown, Jan. 12.—In response to invitations issued by Mr. and Mrs. S. G. Godfrey, about thirty friends gathered at their home in honor of their thirty-fifth anniversary. The afternoon was very pleasantly spent after which an elaborate dinner was served by the hostess. They were presented with tokens of silver spoons and money. Then the guests departed declaring Mr. and Mrs. Godfrey the best of entertainers and expressed a desire to repeat the pleasure on their next anniversary.

Oris Cummings has returned home from Janesville.

Mr. and Mrs. John Godfrey of Whitewater are visiting at the home of their brother S. G. Godfrey.

Mrs. J. W. ones was a recent guest of Mrs. P. F. McFarlane.

Claribel Cummings visited Miss Margaret Decker last Wednesday.

The patrons are helping Mr. Borst fill the ice house at the creamery today.

Mrs. F. M. Sackett is visiting at the home of her brother E. Nickerson.

Mr. McKillips is sawing wood at W. Wilbur's and F. Godfrey's.

TO AILING WOMEN. A Little Sound Advice Will Help Many a Sufferer in Janesville.

No woman can be healthy and well if the kidneys are sick. Poisons that pass off in the urine when the kidneys are well are retained in the body when the kidneys are sick. Kidneys and bladder get inflamed and swollen, crowding the delicate female organs nearby and sometimes displacing them. This is the true cause of many bearing-down pains, lameness, backache, headache, etc. Urine poisoning also causes dizziness, spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills; the remedy that cures sick kidneys. You will get better, and health will return when the kidneys are well. Let a Janesville woman tell you about Doan's Kidney Pills.

Mrs. Joseph Gover of 6 Park Ave., Janesville, Wis., says: "Dull aching and pain in the loins often extended around to my sides and there seemed to be no relief from the misery it brought me. Sometimes I was actually unfit for work. I used liniments and hot applications and tried various remedies but all the time I was growing worse. Finally I saw Doan's Kidney Pills recommended in our papers and got a box at the People's Drug Co. They gave me some relief almost instantly and in a few days, after taking the first dose the backache and misery left me. I gained and since then have had no return of the trouble."

# SUIT SALE

Begins

## Monday, Jan. 15th.

Twice a year bargain event in Women's Tailored Suits.

### Choice of Sixty 10.50 at

THE past season was noted for the high character of the Suits, the long fitted coats requiring more skill in the making than usual, and today finds us with about Sixty of the best styles of the season. Suits which were priced at \$18, \$20, \$22.50, \$25, etc. They are all heavy enough in weight to be warm on ordinary winter days, made of chevots, broadcloths and Men's suiting materials (9 number of grey in the lot). The coats to these suits are satin lined, and are mostly in lengths 45 to 50 inches, although there are a few of the 27 inch lengths, not one but what is a this season's suit. These suits can be worn right through the spring and at the advertised price the response will no doubt be prompt, as women have come to look for these suit sales as offering beyond question the best bargains of the year. There is a good range of sizes from 32 to 44, as well as a number of Misses sizes, so if you come early you can be sure of a fit, no matter what size you require. **\$10.50** The price for a choice is.

## Nobby Waists at \$1.00

**SIMPSON DRY GOODS**

Wishing our customers to derive the most possible benefits of electricity, we describe below

## A Few Devices Which Can Be Connected to Any Lamp Socket

### An Electric Heating Pad

takes the place of a hot water bag. It can be regulated to any temperature, or kept at a constant heat, requires no attention whatever, costs one-half a cent an hour to use.

### An Electric Laundry iron

eliminates the trouble of heating up a stove and of changing irons. One iron is all that is necessary. It is always hot, always ready and always clean. Costs five cents an hour to operate.

### A Small Electric Motor

can be used for running a sewing machine, washing machine or water pump at a very small cost.

### A Portable Table Lamp

gives a tone of cheer and comfort to the home. Prices range from \$1.75 upwards.

Store-management is some-

thing of a "black art," for printer's ink is usually "store-man-

agement"—only store-keeping.

Do not be afraid that we will not

get out share of winter. There is

lots of time yet for it to begin.

How cold that song "In the Good

Old Summer Time" sends shivers

down the back these raw days.

It must grate upon the Beloit Daily

News to know that merit is to count

for something in this appointment of

a Beloit postmaster.

The ice harvest has begun. Think

of the nice cold drinks that they will

make with those chunks of frozen

fluid next summer when the weather

is warm.

The city library is open again after

having been closed for repairs. That

Janesville enjoys the privilege of

reading was illustrated by the fact

that nearly five hundred volumes were

taken out the first day of the present

opening.

One prominent local divine who

was absent from the last Twilight

club's meeting recently made the re-

mark that it appeared to him as

though the gathering should have

had a few ministers present just for

ballasts' sake. The gathering was

very successful as it was.

OUR SATURDAY NIGHT.

The question of morality, discussed

at the Twilight club the other night,

is a many-sided question, and the

standards of this excellent virtue are

about as numerous as the people who

profess to practice it.

The man who is willing to admit

that he makes no pretensions to

being a moral man, is difficult to find,

for morality is the world's religion

and its creed is so flexible that it ac-

commodates itself to almost every

condition of life.

The standard of morality, like the

standard of religion, is largely a

matter of education and environment.

The more religious people in the

world are found in heathen countries,

where no sacrifice is considered too

great to meet the demands of con-

science and where life itself is fre-

quently offered on the altar of devo-

tion. Yet the morals of these be-

nighted people is at the lowest ebb.

Back in the early history of the

race God's chosen people were repre-

sented by a race of bondsmen 600-

000 strong, and when he delivered

them and started them out on a jour-

ney through the wilderness toward

the Promised Land, they were under

His direct supervision, but the dis-

covery was soon made that a code of

laws was necessary, not only to safe-

the morals of a community are at

low ebb. Gambling, drunkenness and

vice defy moral law, while no effort

is made by officials to referee munici-

pal regulations.

The mayor of a western town re-

cently had the hardihood to order

the saloons to close at 11 o'clock,

and also to observe the Sunday laws.

A few days later he was waited up

on by a committee of business men

and requested to leave the town.

They informed him that they repre-

sented public sentiment, and that

business demanded a wide open

town. The mayor yielded, for he

was wise enough to know that he

was largely in the minority, and that

city government is always as good

as public sentiment demands.

From some things that have recent-

ly come to the surface in Janesville

it is apparent that public morals is

a more delicate problem than public

plety.

Life insurance investigations which

have attracted so much attention of

late, show the result of immoral

practices on the part of the officials,

many of whom were prominent in

the church.

These men were not troubled with

a disapproving conscience, for long

continued practice had developed ap-

proving judgment, and the moral

code, which is based on common hon-

esty, was violated every day with im-

punity.

As a result of these and other in-

vestigations in the realm of high

finance, the nation is undergoing a re-

vival of reform, and while there is

less excitement about it than there

would be were it a revival of reli-

gion, the results will be far reaching

and permanent in character.

The reform era, through which the

nation is passing, has brought to the

surface two classes of leaders. One

of them honest and sincere, the other

disguising and tricky. To the latter

class belong the late governor of

Wisconsin, and as time passes, and

the people of the state settle back

to normal conditions, this fact will

become more and more apparent.

In the light of recent developments

it appears that one of the ex-govern-

or's campaign documents used by

him in 1904 was a letter prepared by

Railroad Commissioner Thomas, in

which Mr. Phillips of Milwaukee was

accused of receiving several thou-

sand dollars in rebates from the Chi-

cago, Milwaukee &amp; St. Paul railway

company.

The figures contained in the letter

were furnished by experts in the rail-

road commissioner's office, and are

now found to be false in every par-

ticular. This amounts to wilful or

ignorant libel and while the governor

will not be held accountable, it has

added nothing to his moral stature.

This sort of libel is popular today

among this class of reformers, and

property rights as well as personal

character was never more cheaply re-

garded.

The practice of the eleventh com-

mandment and golden rule, would set-

tle a good many questions in both

the religious and moral world, and

when these are more generally ob-

served the standard of both realms will

be elevated to a higher and better

plane.

Jeffris' Friends.

Mr. Jeffris has his good friends

throughout the whole first district if

the opinion expressed in the news-

papers is to be believed as any crit-

erian. Some of the editors, however,

have nothing harsh to say themselves

but copy from other, and brighter

men who make attacks upon the sin-

cerity of his attitude. No one ex-

NOT TO ABOLISH  
GRIDIRON GAME

JANESVILLE HIGH SCHOOL WILL

CONTINUE FOOTBALL.

## SUCH IS OPINION OF BUELL

He Believes Province of State Athletic

Board is to Supervise, Not

Rule.

Though in some Wisconsin high

schools football has been abolished

by the acts of the faculties or school

boards and the State Teachers' As-

sociation declared against the game

as played now and voted itself in

favor of the "Soccer" or British As-

sociation game, the local high school

is not to abandon the great American

college sport.

Not to Overstep Authority.

Principal George A. Chamberlain of

the East Side Milwaukee high school

was in the city yesterday. He is

chairman of the State Board of Ath-

letic Control and the subject of foot-

ball was discussed with Superintendent

H. C. Buell, a member of the

board. Neither are in favor of desert-

ing the old game, but believe that

the rules may be regulated to mini-

mize the rough element. In their minds

the province of the board is to regu-

late interscholastic athletic events

and not to abolish or introduce new

games. The third member of the

board is Principal Melver of Eau

Claire.

May Recommend Changes.

The board has asked Principal Mac-

Arthur of the Menomonee high school

to secure descriptions of the "Soc-

ker" game and these will be sent out

to the various principals and super-

intendents. The board will not re-

commend the substitution of this sport

for the old and it is not probable that

any radical action will be taken. How-

ever the rules under which high

school games in Wisconsin are played

may be altered.

Local School Will Play

Superintendent Buell said this

morning that the Janesville school

will have a team next season if there

is material and if games can be se-

cured. There is little danger of there

not being other teams in this part of

Wisconsin and a full schedule will

doubtless be played.

Minnesota supreme court. The case

was that of the state of Minnesota

TRIED TO SCARE HER!

Some of her friends tried to scare her out of getting her teeth crowned, but MISS VIOLA HESS of Afton, Wis., wouldn't be scared, because she had confidence in the ability of Dr. Richards to do the work PAINLESSLY.

She makes the positive statement that in all the work of drilling out the nerve chambers, cutting off of teeth, grinding and fitting of new crowns, that Dr. Richards absolutely did NOT cause her the LEAST PAIN.

What can you ask more than that? Now, as to his charges: By having Dr. Richards do her work she got her crowns for \$5 each instead of \$10, which is what many have paid for gold crowns.

Dr. Richards makes a LEADER as the merchants would say of gold crowns at \$5 each and guarantees them EQUAL in EVERY respect—workmanship, quality of gold and general excellence—to work put out by ANY dentist ANYWHERE.

What's the use of paying more? Let HIM do YOUR dentistry.

WILLIAM T. SHERER VICTIM OF A SPANISH SWINDLER

JANESVILLE DRUGGIST BIT ON THE OLD BUNCO GAME.

SENT MONEY TO "RELATIVE"

Then Discovered His Mistake and Cabled to Have the Letter Returned.

William Sherer was the victim of Spanish swindlers. From telegraphic dispatches received by the Gazette this afternoon it appears that Mr. Sherer was one of the victims of the gang of clever swindlers who make Spain their headquarters and prey upon the unsuspecting public. It appears that Mr. Sherer sent money requested and upon reading the story in the Gazette, discovered the fraud and telegraphed to have the letter stopped and returned to him. At the time the story was first published several months ago Mr. Sherer's name was not used, as he denied having answered any such letter or having even received it. The Gazette at that time had positive assurances that he was the victim, but had not enough evidence to publish the story. Recently a Washington dispatch told of a similar case and said that a prominent Wisconsin man was the victim. William Wolff Smith, the special representative of the Gazette in Washington, was communicated with and he was asked to investigate the matter. His answer was received over the Postal Telegraph wires this afternoon, and is as follows:

The Dispatch

"To the Gazette, Janesville, Wis.: 'Washington, D. C., Jan. 12.—William T. Sherer has been very lucky in one respect. After the dispatch of his money to Spain he communicated with the postoffice department, which cabled the Spanish authorities and the letter was stopped. The department has been informed by cable that it was started on its return trip to this country on the 11th. It has cost him about twenty dollars in cable tolls to recover it. J. J. Collins, postmaster at Seneca, was also a victim and his letter to Spain has just been stopped by the department at New York.'

WOLF SMITH.

The Report Made

The following is the Washington dispatch telling of the game as worked:

Information has been placed in the hands of officials of the state and postoffice departments at Washington that persons in Wisconsin have been made the victims of Spanish swindlers who are operating the old scheme of getting money out of the gullible, who are informed that they are the heirs to fortunes left by Spanish branches of their families, of whose existence they never dreamed, and who in reality never existed.

The Scheme

The Spanish fortune scheme has been operated in the United States for twenty years. This government has made the matter a subject of diplomatic exchanges with Spain on several occasions and Spain has come to extremes to break up the gang responsible for these outrages perpetrated on American citizens. A number of cases of the kind arising in Wisconsin have been brought to the attention of the authorities here and members of the state delegation. Inspectors of the postoffice department have been put on the trail and already it is understood there work has been productive of results.

The Game Used

The game practiced upon a Wisconsin man of some prominence who lives in Janesville, whose name was withheld, shows how the scheme is operated. The man in question received a letter some months ago, presumably from a relative with a Spanish name, stating that he was on his deathbed, and that he desired to apprise his kinsman of the fact that he had considerable property in Spain. The letter went on to say that the dying man had a daughter in Madrid, a student at a convent there, and that the daughter and the Wisconsin man were the sole heirs.

Took the Bait

Later the gullible gentleman in Wisconsin learned of the death of the mythical kinsman and was told that all the papers substantiating his claim, together with the will of the deceased, were in a trunk in a hotel in London and that to secure their release and a settlement of the claim in the Spanish courts he would have to forward \$600. The badger lost no time. He was in a hurry to get the fortune.

Sends Telegram

A few days later he awoke and, after telegraphic correspondence with Washington, learned that he had been "buncoed." The wires were again set in motion and the registered letter carrying the real money of the Wisconsin man was intercepted, and the sender will receive it back as soon as the red tape of the department necessary in such cases is unraveled.

LARGER TAX QUOTAS IN THE BOWER CITY

Comparison of Amounts Paid by Nine Concerns Here With Those of Nine Heaviest Contributors in Beloit.

Any comparison of the taxes paid by the largest property holders of Janesville with those of Beloit is manifestly unfair, as Beloit is a city of lesser size. Such a comparison is also unfair to Janesville, because Beloit's rate of tax which was one dollar a thousand higher than that of Janesville a year ago is undoubtedly somewhat higher this year. Nevertheless, the following from the Beloit Free Press, blue-lined by the editorial department and forwarded to the Gazette office with the question "Can Janesville better it?" must be given consideration.

Large Tax Payers Of Beloit.

"As showing the growth in the value of property in Beloit in the past twenty years, the following list of the larger tax payers may be interesting. Twenty years ago the largest taxpayer was under \$300. Now there are scores over that amount. There is probably not another city of the size of Beloit that can show as many taxpayers over \$1,000. The City Treasurer gives the following figures:

William B. Strong	1,767
Mrs. E. D. Adams	1,604
J. Thompson & Sons Mfg. Co.	1,005
Goodwin-Fifield	926
Barrett Mfg. Co.	926
Beloit Iron Works	825

Then follow the three banks averaging \$900 each and then a long list might be named from \$300 to \$700.

Local Property Valuations

Nine of the largest property holders in Janesville, according to figures which are furnished by City Clerk A. E. Badger, pay on the following valuations:

New Gas Light Co.	\$200,000
First Nat'l Bank	189,000
Janesville Water Co.	180,000
J. M. Bostwick & Sons	158,750
Rock County Nat'l Bank	140,000
L. B. Carle & Sons	134,400
Merchants & Mechanics' Bk.	123,000
Hayes Bros.	105,880
Janesville Machine Co.	100,000

Total \$1,331,050

Besides these there are at least ten paying on valuations ranging between \$100,000 and \$50,000.

Large Taxpayers Here

While the tax rate varies in the different wards owing to improvements, etc., the average rate is \$10.09 on every \$1,000 valuation. Hence the approximate taxes that will be paid by nine of the Janesville concerns which bear the heaviest burden are as follows:

New Gas Light Co.	\$2,218
First Nat'l Bank	3,041
Janesville Water Co.	2,890
J. M. Bostwick & Sons	2,556
Rock Co. Nat'l Bank	2,252
L. B. Carle & Sons	2,162
Merchants & Mechanics' Bank	1,979
Hayes Bros.	1,703
Janesville Machine Co.	1,609

Total \$21,416

The taxes paid by Beloit's nine wealthiest institutions total \$15,448. It is worthy of notice, also, that while Janesville's banks at a lower rate pay several thousands of dollars each in taxes, the amounts paid by Beloit's banks average about \$900.

LOCAL LAONICS

Dakota Colts Here: Forty head of Dakota colts, ranging in age from 2 to 3 years, were received by a local dealer at the C. & N. W. yards yesterday.

Put a long mark under January 15th in your date book. This is the night of the big orchestra, big band and big dance at Assembly hall.

Five Per Cent Dividend: The Rock County Telephone Co. declared its usual semi-annual dividend of five per cent yesterday.

Two Baby Girls: Fred L. Colvin, vice president of the Janesville Wholesale Grocery Co., is rejoicing over the advent at his home of a baby girl. An infant girl also arrived at the home of Herbert Daly, 103 Glen street, last evening.

Manager of "Piff! Paff! Puff!" W. J. Benedict, business manager of the musical play "Piff! Paff! Puff!" which appears here next Saturday evening, was a pleasant caller at the Gazette office this afternoon. "Our production enjoyed an eight months' run at the New York Casino and the organization is one of the most expensive now touring the country," he said. "Janesville is the only city in Wisconsin in which the company will appear this season. It will come from Terre Haute, Ind., and depart the day following for one of the cities of Illinois."

Liszt, Dante Sonata (After reading Dante).

This afternoon sixteen of Mrs. E. P. Doty's intimate friends surprised her and spent the afternoon in playing cards. At six-thirty the gentlemen will arrive and a delicious supper will be served. The ladies presented Mrs. Doty with a dozen silver forks, it being the twenty-fifth anniversary of her marriage and her birthday as well. Those present are Messrs. and Mesdames C. S. Jackson, W. G. Wheeler, M. G. Jeffris, A. P. Burnham, Edwin Carpenter, Harry Carter, Charles E. Deaborn, David Watt, Dr. Judd and Charles Putnam; Mrs. Harriet Kavelage, Mrs. Mary Doty, Mrs. Young, Robert Bostwick and Geo. D. Simpson.

Early in the fall the Elks discussed at some length the plan of giving an amateur minstrel show in Janesville this winter, but the project appears never to have gone beyond the conversational period. Talk of the same project now emanates from the Imperial Band members and their friends who gave such a successful entertainment last year. "It is felt that there should at least be one 'whirl' for Janesville's wealth of musical and comedy talent before the chill months have passed."

A company of half a dozen ladies surprised Mrs. O. N. Christiansen at her home on Madison avenue Thursday afternoon and a most delightful party resulted. Refreshments were served and the hours passed very enjoyably.

Mrs. J. J. Crowley of Springfield, Ill., wife of J. J. Crowley, superintendent of the Metropolitan Life Ins. Co. at that place, is visiting her parents, Mr. and Mrs. J. H. Gately, 116 Fourth avenue.

Miss Hodson and Miss Long start for southern California on Monday.

On Tuesday evening the Shift Waist and Business Suit club held their January dance at East Side Odd Fellows' hall.

IS THE CHAMPION OF CROW KILLERS

BERT MORGAN OF MILTON, HOLDS COUNTY RECORD.

205 BIRDS THIS SEASON

Shot 300 Two Years Ago and 400 Last Winter—Uses Blind and Live Decoys.

Bert Morgan of Evansville enjoys the distinction of having killed more crows than any other man in the

RUODLPH GANZ

county during the period in which the ten-cent bounty has been in force. During the winter of 1903-4 he bagged 300; and last winter 400 heads returned by him to the county clerk were redeemed. Thus far this winter he has dispatched 205, the last consignment of heads having been turned over to the proper office on Friday, January 12.

The slaughter-house in the town of Union is the scene of Mr. Morgan's big "kills." He awaits the coming of the swarthy-bred victims behind a blind which he has constructed on the premises, and when the wary birds whom experience has taught

BERT MORGAN AND HIS DECOYS more than one lesson show a disinclination to be lured by the tempting "bait," he sends out his decoys. These decoys are birds which, at one time or another, have been slightly wounded by the fusillade poured on the flock and have been subsequently domesticated and taught to betray their divers' hunts, uncles, and cousins.

"They move much slower than the wild birds," says Mr. Morgan "when inquiry is made as to how he is able to distinguish when the moment for opening fire arrives. 'Yes, I sometimes think that they know the purpose for which they are preserved, and their consciences may bother them, for they go about their work in a dispirited and melancholy fashion, at times. They are not bound by any leash and when the campaign begins they lose no time in returning to me.'"

The crow is a hard bird to kill. Trifling hunters have wasted pounds of ammunition without securing substantial results. It remained for Mr. Morgan to reduce the pest to a science, and his competitors in this section of the county have retired from the field. The cut shows the nimrod and the faithful decoys who aid him in his efforts to rid Rock county of the feathered pests.

John T. Powers Writes That Janesville Is To Be in the State League

This afternoon's mail brings the following letter from John T. Powers of Chicago, President of the Wisconsin State League: "It would appear from its contents that Janesville is to be a member of the State League during the coming season and all baseball enthusiasts are warned to get their enthusiasm up to the fever pitch of subscribing to the stock of the Janesville ball association. The following is the letter:

"Chicago, Ill., Jan. 12, 1905: 'Janesville Daily Gazette, Janesville, Wis.'"

Gentlemen: At a meeting of the Wisconsin State Baseball league held in Chicago last Tuesday it was decided that Janesville should be a member of our family and a circuit committee consisting of P. O. Keene, president of the Freeport Baseball club, George Buser, manager of the Beloit Baseball club, and myself was appointed to interest Janesville in taking a franchise in our league and we will visit your city next Monday and Tuesday. Help us, out all you can boys. Very truly yours,

"JOHN T. POWERS."

## Painful Periods

Life often seems too long to the woman who suffers from painful periods. The eternal bearing-down, headache, backache, leucorrhoea, nervousness, dizziness, griping, cramps and similar tortures are dreadful. To make life worth living, take

### Wine of Cardui

#### It Eases Women's Pains

It quickly relieves inflammation, purifies and enriches the blood, strengthens the constitution and permanently cures all diseased conditions from which weak women suffer.

It is matchless, marvelous, reliable.

At all druggists in \$1.00 bottles.

#### WRITE US A LETTER

freely and frankly, in strictest confidence, telling us all your symptoms and troubles. We will send free advice (in plain sealed envelope), how to cure them. Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

#### "I SUFFERED GREATLY."

writes Mrs. L. E. Cleverger, of Bellevue, N. C., "at my monthly periods, all my life, but the first bottle of Cardui gave me wonderful relief, and now I am in better health than I have been for a long time. I think Cardui the greatest woman's medicine in the world."

Circuit Judge Charles M. Wells has made a written communication to the Waupaca county board that the vaults in the courthouse for the use of public records are inadequate and not large enough to take proper care of such records, and that part of the records are laid loose on the floors in the vault room.

Kit Crego, driver of the No. 1 hose wagon of the Marinette fire department, was nearly drowned in Green Bay while iceboating with Assistant Chief S. H. Duket and John Johnson. The boat ran into open water and Crego went under the ice while the others clung to the boat. After long efforts Crego was found and revived.

## STRANGELY CURED

MINNEAPOLIS MAN HAS MOST REMARKABLE EXPERIENCE WITH STRANGE MEDICINE THAT HAS WONDERFUL POWER.

W. H. McClurg, a well known citizen of Minneapolis, living at 2601 Newtown Ave. North, who has recently recovered from a violent attack of stomach trouble and rheumatism tells a remarkable story of his experience. According to his statement Mr. McClurg declared: "My suffering for some time past has been at times almost unbearable. My appetite was poor and variable and my digestion was greatly impaired. I could seldom eat anything without suffering intensely afterward. My rheumatism also bothered me very much and it was often very difficult for me to get around. Nothing that I had tried seemed to afford me any relief and finally after hearing of so many people who had been cured by the Cooper medicines I resolved to try them. Two bottles each of the two remedies wrought a wonderful change in me. From the very first I began to improve. My appetite returned, my digestion became better, the rheumatic pains left me and now I am better and stronger in every way. They are wonderful medicines and I am indeed grateful for the benefit I have received."

Cooper's New Discovery, the medicine that did so much for Mr. McClurg, cures Rheumatism, Stomach and Kidney trouble, Catarrh, Deafness, Blood Diseases and Paralysis and sells for one dollar per bottle. Cooper's Quick Relief, the assistant remedy, costs fifty cents. Both medicines are sold in this city only by E. B. Helmstreet.
